

Heartbreaker Stud - you'll be heartbroken if you don't own one!

Heartbreaker Pinto Stud is owned by the Biggs family, with Deborah and Katie running the day to day activities. We are the home of the lovely pinto stallion 'Heartbreakin Rebel'

We aim to breed sensible and athletic performance horses and ponies with the added bonus of guaranteed colour. Whether you wish to compete or just hack, we breed horses to suit all needs and a good temperament is vital to us.

Heartbreakin Rebel is the foundation stallion of our stud and he epitomises all that we breed for. Rebel is very calm and well mannered, he has lovely athletic paces, he has great bone and height and best of all he is everyones mate. He is the 'complete package'. He is also one of only a few Homozygous stallions in New Zealand.

We are situated in Meeanee on the outskirts of Napier.

So feel free to drop on by and meet the boy, we're sure he'll be happy to see you.

Rebel is now fully recovered from injuries he received in vicious attack from thieves in his previous grazing and will be safely home with us on our new, bigger property in a few weeks.

The great news is that he will be available for the coming season and already has mares booked, so get in quick so you don't miss out as we do only take a limited number of mares.
